

NorthStar Moving Corp.
9120 Mason Avenue
Chatsworth, CA 91311

Dear Gadi and Ram,

We want to thank you both personally for the sensational job that you and your team of professionals did for us in our recent move to New York City! Your team of wonderful men knocked on our door bright and early, and they were energetic and eager to start working. They were fast, hard working and very professional. All four men divided and conquered different areas of the house to pack all our items with great care and concern. As you both know, we had many very fragile Art sculptures and heavy paintings that are cumbersome and large scale and they took the extra time to be sure all our Art was packed securely and labeled as such. Really, these men were terrific! Gadi, you are a fantastic representative of NorthStar. From the minute we met you, we liked you. You exude sincerity and warmth and have great confidence in your Company. You made a daunting project seem easy. You walked us through the entire process from beginning to finish and gave us timeline updates while the truck was in transit. We really appreciated that. Our shipment arrived in a timely fashion and Ram made sure everything was unpacked as carefully as it was packed. Ram also stayed in constant contact once our shipment was in New York. Everyone at NorthStar was friendly, competent, professional, and a pleasure to work with. We most definitely will use you in our next move and we will recommend NorthStar to all our family and friends. You all are a first class operation! Thank You NorthStar!

With all our gratitude and best wishes,
Dawn and Ed Massey
