To Whom It May Concern:

In June I moved partially from Burbank to the Palm Desert area (Indio).

I am in Real Estate and am often asked whom to use for a moving company. Until I had personal experience with you company; I never referred anyone to a moving company.

First, you moved clients of mine, Vito and Marlene Urcinoli. They are an older couple who moved from Toluca Lake to Indio. Your men were so caring and patient and helpful to them. It was very stressful for them and your men made their move so much easier.

I recently underwent vascular and heart surgery and was recovering when Sam came to my house and gave me an estimate. Also, your men were courteous, helpful, and considerate and did not waste time.

It seems appropriate to write a letter thanking your men and complementing your company. You can be sure that the next time a client asks me who I would use, I can honestly tell them Northstar Moving Co. *& I am going to need you again in the near future.*

Sincerely,
