To Whom It May Concern:

In July of 2005, we searched high and low for a trustworthy company to move the owners in and out of a house we rented for our television reality show titled "7 Lives Xposed". There was no question who would get the job done the best once we found Gadi Avigzer at NorthStar Moving Corporation. From the beginning, Gadi and the NorthStar staff was nothing but helpful in providing options that accommodated our tight budget, and service that was unmatched.

Not only was Gadi available to talk to us any time we called, from the beginning he treated us like family and he made sure that all of our questions and concerns with the move were addressed immediately. I felt Gadi and the NorthStar staff were perfect for our project from start, and they proved that and more with both moves.

NorthStar made both moves in and out of the residence smooth and worry free. They were also very flexible with our changing schedule, and met every deadline we presented to them.

We would recommend NorthStar Moving Corporation to anyone looking for a reliable, efficient and friendly moving service, and plan to use them in the future for our other productions.

Sincerely,
