This letter is sent to express our pleasure with the move of our home from Brentwood to Valencia.

First the trucks were clean and nicely painted. The movers' shirts with company emblems added a touch of class. The big thing was the care and concern demonstrated by Moshe, Taz, Ran and Shai. The personalities of these fine young men made it a delightful experience.

You are good. Your people are excellent. Thank you for a good move.

Sincerely,

W. Harold Petersen
