Dear Gadi,

Dave and I were so impressed and pleased with how well you took care of us for our move at the end of February. When you came to quote us a price, your thoroughness, honesty, and warmth made me feel right away that we were in good hands. On the day of the move, Roberto and his team handled all of our belongings with great care yet still moved swiftly and efficiently throughout the day. Additionally, we were unable to pack everything ahead of time because I was traveling and ended up getting stuck out of the country until the day of the move-but they packed everything quickly and were able to finish the job in the estimated time, despite having to pack most of our belongings! From our past moving experiences, we know that movers who try to get the job done as quickly as possible instead of "running the clock: are very rare and much appreciated!

Thank you for your professionalism, care, warmth, and integrity. We very much enjoyed working with you for our move, and we will definitely call you the next time we have to move, as well as recommend you to our family and friends.

Sincerely,
