Subject: EXCELLENT MOVING COMPANY- Recommended by ME personally :-)

Dear Kimmel Portfolio Managers:

Northstar Moving Company moved me from The Villas to Broadcast Center on Friday, and I must say that it was the BEST moving experience I have ever had! Northstar specializes in "high end" clientele, and their Sales Rep. Yolanda might have already paid you guys a visit. They wrapped and protected my furniture to such a degree that it was almost unrecognizable! In addition, the team of movers they sent were POLITE (which you all know is very very rare with movers), clean, and dressed in matching red polo shirts.

At any rate, I know that our "high end" clientele would really appreciate the type of service that Northstar gave me, and I highly recommend them as a vendor. They will be sending me some information packets soon along with some CD's titled "How to move a Hollywood Mansion", and I will distribute at our next CM meeting.
